

PRODUCT DATASHEET

OCEAN SIGNAL RESCUE ME MOBI

OCEAN SAFETY®

Ocean Safety,
Saxon Wharf,
Lower York Street,
Southampton,
SO14 5QF, UK.

www.oceansafety.com

The MOBI is compatible with even the most compact inflatable lifejackets. The MOBI is intended to be installed within the life-jacket and will activate automatically on inflation, sending the first alert within 15 seconds.

The integrated strobe light ensures maximum visibility in low light conditions. The MOBI communicates with the vessel you have been separated from and other vessels in the vicinity (up to 5 miles range dependent on conditions). To alert rescue authorities, an alternative product the rescueME PLB I communicates directly via a dedicated search and rescue satellite network.
